

Apex Gama Defense Solutions

TEAMING BRIEF • FOR PRIME CONTRACTORS

UEI LN8SWKYL8X81

CAGE 22VC7

SAM.gov Active

A specialist small-business teammate for protective-program advisory, training and exercises, risk and resilience, and facility and operations support — senior accountability close to delivery, scaled through vetted specialists.

— WHERE APEX ADDS VALUE

Apex strengthens a prime's team where protective programs, readiness, and continuity are evaluated — contributing credible technical substance at proposal and disciplined, documented performance at execution.

— PROPOSAL-STAGE CONTRIBUTION

- Technical-approach and management-approach narrative for security, training, and readiness scope.
- Staffing inputs and key-personnel qualification summaries.
- Safety planning and work-package definition.
- Risk identification and compliance-matrix support.

— EXECUTION-STAGE CONTRIBUTION

- Defined workshare with clear interfaces and a reporting cadence.
- Escalation procedures and quality-control expectations.
- Documented performance and reference rights where permitted.
- Senior point of accountability engaged throughout the period of performance.

— DELIVERY MODEL & BOUNDARIES

Apex self-performs advisory, assessment, design, training, and program management. Guard-force operations, investigations, alarm and security-system installation, and construction or trades are delivered through licensed providers and specialist subcontractors — keeping every scope element with a qualified, accountable performer.
